Vehicle History Report + Lien Check (BC)

Lien Check

 No lien records found in **British Columbia**.

 No lien records found in **Ontario**.

How We Check for Liens

CARFAX Canada uses the VIN to search government records in each Canadian province and territory (excluding Northwest Territories) where the vehicle is currently registered and where it has historically been registered. We do not check for liens or title in any U.S. state.

If a VIN has no registration records in Canada, we cannot check for liens. We cannot guarantee lien checks on trailers, recreational vehicles or heavy-duty equipment.

Purchasers should always get written confirmation from vendors that there is no lien on the vehicle.

CARFAX Canada Canadian Lien Guarantee

If for some reason our lien check fails to accurately reflect the Canadian enforceable lien status of a vehicle at the time of the search, CARFAX Canada will reimburse the party that purchased the report and relied on it to their detriment to a maximum amount of (1) the value of the car (2) the value of the lien (3) Five Thousand Dollars Canadian (\$5,000.00), whichever is lower.

Accident/Damage

 There are no accidents/damage reported on this vehicle.

Registration

 This vehicle has been registered in the following locations in **Canada** (listed oldest to newest):

- In the province of **Ontario** with **Normal** branding.
- In the province of **British Columbia** with **Normal** branding.

Recall #: TKC-16 | Front passenger airbags inflators (03MY-04MY Legacy Outback and Baja) Recall Date: 2016 May 26

Recall Description

On certain vehicles long-term exposure to high absolute humidity and temperature combined with high temperature cycling could eventually degrade the propellant contained in the passenger frontal airbag. This could cause the airbag to deploy with more force than normal. As a result if the vehicle were involved in a collision that warrants airbag deployment fragments could be propelled toward vehicle occupants and the airbag assembly could be damaged preventing proper function. These issues could increase the risk of injury.

Remedy

We will inspect your frontal passenger side air bag assembly. If the inspection reveals that your vehicles front passenger air bag assembly is currently equipped with an air bag inflator that does NOT contain the propellant Ammonium Nitrate your vehicle is safe and no further action is required. If the inspection by your Subaru dealer reveals that your vehicle is currently equipped with an air bag inflator that does contain the propellant Ammonium Nitrate Subaru will replace the inflator for your air bag at no cost to you.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact SUBARU or visit Subaru's website. (<https://www.subaru.ca/WebPage.aspx?WebSiteID=282&WebPageID=21091>)

ICBC Disclaimer

The information supplied by ICBC is a report of the vehicle's status and the vehicle's claims history. Vehicle status shows whether a vehicle is qualified to be licensed and is used to track:

- vehicles sold by insurance companies as salvage
- salvage vehicles which have been rebuilt, inspected, and relicensed
- wrecked vehicles that have been decommissioned and can only be resold for parts

The vehicle status may not represent the vehicle accurately for a number of reasons, including a written-off vehicle that hasn't been reported to the B.C. vehicle registry or a vehicle with major damage that was repaired by its owner. The vehicle claims history is a report of vehicle damage and includes repairs paid by ICBC and outstanding damage estimates. It may be incomplete for various reasons, including the owner did not make a claim to ICBC or ICBC has denied the claim. In addition, the estimate information may not necessarily reflect the actual cost of repairs, list the area of the vehicle that sustained the greatest force of impact, or indicate the primary area of damage.

Consumers are encouraged to read ICBC's full statement of limitations at <http://apps.icbc.com/registration/vehicle/limitations.html>.

ICBC recommends the vehicle be inspected by a qualified mechanic to obtain a more complete assessment of the vehicle's condition.
