Status:	Normal If a vehicle does not have a status of rebuilt, salvage, non-repairable, or altered, it is considered to have a normal status. "Normal" is simply a term used for the purposes of vehicle registration. A normal status does not mean the vehicle has never been damaged or is in good mechanical condition. Vehicle status alone does not fully describe a vehicle's mechanical condition or damage history.

Estimate

This is only an estimate of the cost to repair the vehicle. It is not a payment. For more information, please see the *Statements of Limitation*.

No Details

No Details may display if ICBC:

bike),
or

- the vehicle's registration number was not electronically captured.
- Additionally, claims paid under some types of special coverage policies may not be included in this report. (For example, when a single policy covers several vehicles, we may be unable to report the repair costs for an individual vehicle insured under that policy.) Historically, special coverage claims have accounted for less than 5% of the total number of claims reported to ICBC each year.
- For a small number of claims, our systems are unable to retrieve estimate information.

Vehicle Estimate Information

Please note that:

- Vehicle estimates may not reflect the actual cost of repairs. For example; hidden damage may be found when the vehicle is being repaired at the repair facility.
- The vehicle may have a repair estimate; however it is possible that the nature and extent of damage may make the vehicle a total loss and not economically repairable.
- The reports list the primary area of damage for each claim. This is the area on the vehicle that costs the most (or is initially estimated to cost the most) to repair. Other areas of the vehicle may have also been damaged. The primary area of damage may not necessarily be the area of the vehicle that sustained the greatest forces of impact.
- For a few types of claims (such as glass claims), we are unable to provide the primary area of damage, as our systems are unable to retrieve this information.

ICBC does not make any representations as to whether repairs detract from or add to the vehicle or its value.

Please note: This report contains information from ICBC's files and is generally believed to be correct. However, due to various limitations, we cannot guarantee its accuracy. If it is incomplete or inaccurate, ICBC will not be held liable for more than the cost of the report.

We encourage you to have the vehicle inspected by a qualified mechanic to obtain a more complete assessment of the vehicle's condition.

This vehicle history report is based on [information](https://www.carfax.ca/vehicle-history-data) (https://www.carfax.ca/vehicle-history-data) that was reported and available to CARFAX Canada as of January 24, 2026 (or once all the data was collected from our data sources and the report was complete). CARFAX Canada draws on billions of data records from thousands of sources across North America, and we receive new historical data records every day. **There may be other information about this vehicle that has not been reported to CARFAX Canada.** When buying a used vehicle, we always recommend using a CARFAX Canada Vehicle History Report, along with a vehicle inspection and test drive, to make an informed decision.

Vehicle History Report + Lien Check

Lien Check

 No lien records found in **British Columbia**.

How We Check for Liens

CARFAX Canada uses the VIN to search government records in each Canadian province and territory (excluding Northwest Territories) where the vehicle is currently registered and where it has historically been registered. We do not check for liens or title in any U.S. state.

If a VIN has no registration records in Canada, we cannot check for liens. We cannot guarantee lien checks on trailers, recreational vehicles or heavy-duty equipment.

Purchasers should always get written confirmation from vendors that there is no lien on the vehicle.

CARFAX Canada Canadian Lien Guarantee

If for some reason our lien check fails to accurately reflect the Canadian enforceable lien status of a vehicle at the time of the search, CARFAX Canada will reimburse the party that purchased the report and relied on it to their detriment to a maximum amount of (1) the value of the car (2) the value of the lien (3) Five Thousand Dollars Canadian (\$5,000.00), whichever is lower.
