This vehicle history report is based on information (<https://www.carfax.ca/vehicle-history-data>) that was reported and available to CARFAX Canada as of April 07, 2026 (or once all the data was collected from our data sources and the report was complete). CARFAX Canada draws on billions of data records from thousands of sources across North America, and we receive new historical data records every day. **There may be other information about this vehicle that has not been reported to CARFAX Canada.** When buying a used vehicle, we always recommend using a CARFAX Canada Vehicle History Report, along with a vehicle inspection and test drive, to make an informed decision.

# Vehicle History Report + Lien Check (BC)

## Lien Check

- ✔ No lien records found in **Alberta.**
- ✔ No lien records found in **British Columbia.**
- ✔ No lien records found in **Saskatchewan.**

### How We Check for Liens

CARFAX Canada uses the VIN to search government records in each Canadian province and territory (excluding Northwest Territories) where the vehicle is currently registered and where it has historically been registered. We do not check for liens or title in any U.S. state.

If a VIN has no registration records in Canada, we cannot check for liens. We cannot guarantee lien checks on trailers, recreational vehicles or heavy-duty equipment.

Purchasers should always get written confirmation from vendors that there is no lien on the vehicle.

### CARFAX Canada Canadian Lien Guarantee

If for some reason our lien check fails to accurately reflect the Canadian enforceable lien status of a vehicle at the time of the search, CARFAX Canada will reimburse the party that purchased the report and relied on it to their detriment to a maximum amount of (1) the value of the car (2) the value of the lien (3) Five Thousand Dollars Canadian (\$5,000.00), whichever is lower.

#### ICBC Disclaimer

The information supplied by ICBC is a report of the vehicle's status and the vehicle's claims history. Vehicle status shows whether a vehicle is qualified to be licensed and is used to track:

- vehicles sold by insurance companies as salvage
- salvage vehicles which have been rebuilt, inspected, and relicensed
- wrecked vehicles that have been decommissioned and can only be resold for parts

The vehicle status may not represent the vehicle accurately for a number of reasons, including a written-off vehicle that hasn't been reported to the B.C. vehicle registry or a vehicle with major damage that was repaired by its owner. The vehicle claims history is a report of vehicle damage and includes repairs paid by ICBC and outstanding damage estimates. It may be incomplete for various reasons, including the owner did not make a claim to ICBC or ICBC has denied the claim. In addition, the estimate information may not necessarily reflect the actual cost of repairs, list the area of the vehicle that sustained the greatest force of impact, or indicate the primary area of damage.

Consumers are encouraged to read ICBC's full statement of limitations at <http://apps.icbc.com/registration/vchr/Limitation.html>.

ICBC recommends the vehicle be inspected by a qualified mechanic to obtain a more complete assessment of the vehicle's condition.

Neither CARFAX Canada nor any of its source data providers shall be liable for any losses, expenses or damages in connection with any report or any information contained within a report, including the accuracy thereof or any delay or failure to provide a report or any information. Other information about the vehicle that is the subject matter of this vehicle history report, including problems, may not have been reported to CARFAX Canada. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.
