This vehicle history report is based on information (<https://www.carfax.ca/vehicle-history-data>) that was reported and available to CARFAX Canada as of March 24, 2026 (or once all the data was collected from our data sources and the report was complete). CARFAX Canada draws on billions of data records from thousands of sources across North America, and we receive new historical data records every day. **There may be other information about this vehicle that has not been reported to CARFAX Canada.** When buying a used vehicle, we always recommend using a CARFAX Canada Vehicle History Report, along with a vehicle inspection and test drive, to make an informed decision.

Vehicle History Report + Lien Check (BC)

Lien Check

 No lien records found in **British Columbia**.

How We Check for Liens

CARFAX Canada uses the VIN to search government records in each Canadian province and territory (excluding Northwest Territories) where the vehicle is currently registered and where it has historically been registered. We do not check for liens or title in any U.S. state.

If a VIN has no registration records in Canada, we cannot check for liens. We cannot guarantee lien checks on trailers, recreational vehicles or heavy-duty equipment.

Purchasers should always get written confirmation from vendors that there is no lien on the vehicle.

CARFAX Canada Canadian Lien Guarantee

If for some reason our lien check fails to accurately reflect the Canadian enforceable lien status of a vehicle at the time of the search, CARFAX Canada will reimburse the party that purchased the report and relied on it to their detriment to a maximum amount of (1) the value of the car (2) the value of the lien (3) Five Thousand Dollars Canadian (\$5,000.00), whichever is lower.

Accident/Damage

 There are no police reported accidents, estimates, or claims reported on this vehicle, however, we found other damage records that are outlined below.

Other Damage Records

RECORD DATE	DETAILS	AMOUNT
 2023 Dec 24	British Columbia, Canada	
	Glass Record	\$953.07

Registration

 This vehicle has been registered in the province of **British Columbia** in **Canada** with **Normal** branding.

We checked for: Inspection Required, Normal, Non-repairable, Rebuilt, Salvage and Stolen.

Open Recalls

Recall #: CAN915 | 915 - Remedy Notice - Certain 2006-2007 model year Yaris vehicles - Centre Pillar Sound Insulator Removal Recall Date: 2009 Jan 28

Recall Description

On certain 2006 through 2007 Yaris vehicles, located beneath the front seat belt retractor that are equipped with a pretensioner, there is a sound insulator at the bottom of the centre pillar. If the pretensioner deploys during a motor vehicle crash, there is a possibility that the sound insulator may become damaged by the high temperature gas propellant emitted from the seat belt pretensioner. In the worst case, the insulator may ignite resulting in fire.

Remedy

Any Toyota dealership will remove the Centre Pillar Sound Insulator.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact TOYOTA or visit Toyota's website. (<https://www.toyota.ca/toyota/en/owners/recalls>)

Recall #: CAN177 | 177 - Remedy Notice - Certain 2007-2009 MY Yaris, RAV4, Tundra, Camry/HV, Sequoia, Highlander/HV, Corolla, Matrix vehicles - Power Window Master Switch

Recall Date:
2012 Oct 10

Recall Description

The Power Master Switch (PWMS), located on the drivers door, controls the windows for the driver and passengers. Over time, the sliding electrical contact module in the drivers side PWMS may experience a notchy or sticking feeling during operation due to uneven application of a grease lubricant to certain switch components.

Remedy

Any Toyota dealership will inspect the PWMS and apply a specialized grease. The electrical circuit board for the PWMS may be replaced if your dealership determines it requires replacement during the inspection.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact TOYOTA or visit Toyota's website. (<https://www.toyota.ca/toyota/en/owners/recalls>)

Recall #: CAN234 | 234- Remedy Notice - Certain 2006-2010 MY Corolla, Matrix, Highlander, Tacoma, RAV4, Yaris vehicles - Spiral Cable

Recall Date: 2014
Apr 09

Recall Description

The steering column assembly in the involved vehicles contains a spiral cable assembly with electrical connections to the drivers airbag module that could become damaged when the steering wheel is turned. If this occurs, the airbag warning lamp will illuminate. In addition, the drivers airbag could become deactivated, causing it to not deploy in the event of a crash. This could increase the injury to the driver.

Remedy

Toyota dealerships will replace the spiral cable assembly in the subject vehicle.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact TOYOTA or visit Toyota's website. (<https://www.toyota.ca/toyota/en/owners/recalls>)

Recall #: CAN233 | 233- Remedy Notice - Certain 2006 -2010 Model Year Yaris, Scion xD vehicles - Driver Side Seat Track Assembly and Passenger Seat Track Assembly on 3-Door Yaris Hatchback only

Recall Date:
2014 Apr 09

Recall Description

In the seat rail of the driver seat of the subject vehicles, the springs used for the mechanism which locks the seat rail in its adjusting positions could break. This can happen if the seat is adjusted forward and/or rearward with high frequency. If a seat rail spring breaks, the seat may not lock into the adjusted position. If the vehicle is operated with a broken seat rail spring, the seat could move in the event of a crash, increasing the risk of injury to the occupant.

Remedy

Toyota dealerships will replace the front driver inner and outer seat track

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact TOYOTA or visit Toyota's website. (<https://www.toyota.ca/toyota/en/owners/recalls>)

Recall #: CANR31 | Campaign R31 - Certain 2006-2008 model year Yaris Hatchback and certain 2007-2008 model year Yaris Sedan vehicles - Front Passenger Airbag Inflator Module

Recall Date:
2017 Jan 09

Recall Description

The subject vehicles are equipped with front passenger airbag inflators produced by Takata. The propellant in these inflators may degrade after prolonged exposure to high absolute humidity and fluctuating high temperatures. Degraded propellant can cause inflator rupture during airbag deployment.

Remedy

Any authorized Toyota dealer will replace the airbag inflator.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact TOYOTA or visit Toyota's website. (<https://www.toyota.ca/toyota/en/owners/recalls>)

Stolen Vehicle Check

This vehicle is not actively declared stolen.

ICBC Disclaimer

The information supplied by ICBC is a report of the vehicle's status and the vehicle's claims history. Vehicle status shows whether a vehicle is qualified to be licensed and is used to track:

- vehicles sold by insurance companies as salvage
- salvage vehicles which have been rebuilt, inspected, and relicensed
- wrecked vehicles that have been decommissioned and can only be resold for parts

The vehicle status may not represent the vehicle accurately for a number of reasons, including a written-off vehicle that hasn't been reported to the B.C. vehicle registry or a vehicle with major damage that was repaired by its owner. The vehicle claims history is a report of vehicle damage and includes repairs paid by ICBC and outstanding damage estimates. It may be incomplete for various reasons, including the owner did not make a claim to ICBC or ICBC has denied the claim. In addition, the estimate information may not necessarily reflect the actual cost of repairs. List the area of the vehicle that sustained the greatest force of impact, or indicate the primary area of damage.

Consumers are encouraged to read ICBC's full statement of limitations at <http://apps.icbc.com/registration/vehr/limitation.html>.

ICBC recommends the vehicle be inspected by a qualified mechanic to obtain a more complete assessment of the vehicle's condition.

CARFAX Canada No Reported Accidents™ Badge

The CARFAX Canada No Reported Accidents™ badge is based on the damage records and/or branding information reported to CARFAX Canada. The badge is available for personal vehicles that have only been registered in Canada, and were not, at the time this report was generated, declared stolen.

This vehicle history report is compiled from multiple data sources. It is not always possible for CARFAX Canada ULC or its source data providers to obtain complete information on any one vehicle. For example, there may be other title, brands, registrations, declarations, accident information, service records, recall information, odometer readings or other information where discrepancies that apply to this vehicle are not reflected in this report. CARFAX Canada and its source data providers receive data and information from external sources believed to be reliable, but no responsibility is assumed by CARFAX Canada, its source data providers or its agents for any errors, inaccuracies or omissions. The reports are provided strictly on an as-is where-is basis, and CARFAX Canada and its source data providers further expressly disclaim all warranties, express or implied, including any warranties of timeliness, accuracy, merchantability, merchantable quality or fitness for a particular purpose regarding this report or its contents. Neither CARFAX Canada nor any of its source data providers shall be liable for any losses, expenses or damages in connection with any report or any information contained within a report, including the accuracy thereof or any delay or failure to provide a report or any information. Other information about the vehicle that is the subject matter of this vehicle history report, including problems, may not have been reported to CARFAX Canada. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car. By obtaining, reviewing and/or using this vehicle history report, you agree to be bound by all of the terms and conditions in CARFAX Canada's Conditions of Use and any CARFAX Canada End User Licence Agreements as each may be amended from time to time by CARFAX Canada.
