Recall #: R0054 | OCCUPANT CLASSIFICATION SYSTEM

Recall Date: 2008 Jun 02

5NPET46FX8H318478

Recall Description

On certain vehicles equipped with an advanced airbag system, the Occupant Classification System (OCS), installed in the right front seat of the vehicle, may misclassify a small stature adult as a child and deactivate the passenger airbag. This would cause the right front airbag to not inflate in a crash that merits airbag deployment, and may result in injury to the right front seat occupant. Correction: Dealers will verify that the OCS does not recognize a properly seated adult occupant. After verification, the right front seat cushion assembly will be removed and reprogrammed.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HYUNDAI or visit [Hyundai's website](https://recall.hyundaicanada.com/). (<https://recall.hyundaicanada.com/>)

Recall #: R0079 | STOP LAMP SWITCH -
Same Recall as R0082 (31C017)

Recall Date:
2013 Apr 22

Recall Description

On certain vehicles, the stop lamp switch may fail and cause intermittent operation of the brake lights. Failure of the brake lights to illuminate when the brake pedal is depressed could result

in a crash causing property damage and/or personal injury.

Correction: Dealers will replace the switch.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact HYUNDAI or visit [Hyundai's website](https://recall.hyundaicanada.com/).

Recall #: R0081 | REAR
CROSSMEMBER

Recall Date: 2013 Oct
01

Recall Description

On certain vehicles, road salt can corrode the rear crossmember assembly, which may ultimately lead to separation of the control arm at the mounting point. This would allow the wheel to rotate off its designed axis, and could result in a loss of vehicle control and a crash causing property damage and/or personal injury.

Correction: Dealers will repair or replace the rear crossmember assembly.

ICBC Disclaimer

The information supplied by ICBC is a report of the vehicle's status and the vehicle's claims history. Vehicle status shows whether a vehicle is qualified to be licensed and is used to track:

- vehicles sold by insurance companies as salvage
- salvage vehicles which have been rebuilt, inspected, and relicensed
- wrecked vehicles that have been decommissioned and can only be resold for parts

The vehicle status may not represent the vehicle accurately for a number of reasons, including a written-off vehicle that hasn't been reported to the B.C. vehicle registry or a vehicle with major damage that was repaired by its owner. The vehicle claims history is a report of vehicle damage and includes repairs paid by ICBC and outstanding damage estimates. It may be incomplete for various reasons, including the owner did not make a claim to ICBC or ICBC has denied the claim. In addition, the estimate information may not necessarily reflect the actual cost of repairs, list the area of the vehicle that sustained the greatest force of impact, or indicate the primary area of damage.

Consumers are encouraged to read ICBC's full statement of limitations at

<http://apps.icbc.com/registration/vchr/Limitation.html>.

ICBC recommends the vehicle be inspected by a qualified mechanic to obtain a more complete assessment of the vehicle's condition.

This vehicle history report is compiled from multiple data sources. It is not always possible for CARFAX Canada ULC or its source data providers to obtain complete information on any one vehicle. For example, there may be other title, brands, registrations, declarations, accident information, service records, recall information, odometer readings or other

information where discrepancies that apply to this vehicle are not reflected in this report. The reports are provided strictly on an as-is where-is basis, and CARFAX Canada and its source data providers further expressly disclaim all warranties, express or implied, including any warranties of timeliness, accuracy, merchantability, merchantable quality or fitness for a particular purpose regarding this report or its contents. Neither CARFAX Canada nor any of its source data providers shall be liable for any losses, expenses or damages in connection with any report or any information contained within a report, including the accuracy thereof or any delay or failure to provide a report or any information. Other information about the vehicle that is the subject matter of this vehicle history report, including problems, may not have been reported to CARFAX Canada. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.
